When I started as your Executive Director in April of 2015 I borrowed from Dr. Seuss and reminded us that there was no limit to the places we could go.

“You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You’re on your own. And you know what you know. And YOU are the one(s) who’ll decide where to go…” — Dr. Seuss, *Oh, The Places You’ll Go!*

Many of you ask my why I do this, or how I do this, or if I sleep. I am going to tell you the answer right now. YOU are the wind beneath my wings. OK, it sounds melodramatic, but the reality is it’s all about you. You, the Lifespan family. Without you, there is no Lifespan, there is no family, there is no joy …without you.

As 2015 comes to a close, we are asking each of you to “Give a Little Love to the Bottom Line.” You may think the bottom line refers to the bottom line of a financial statement, and it does. But that’s not all the bottom line means to Lifespan. Here’s how we define the bottom line!

- 90 folks registered for Summer Session and 100 for Fall.
- Our MET volunteers escorting 50 elders on 350 trips to Dr appointments.
- Having 30 people hang around for the afternoon classes.
- 65 people at lunch almost every week during the fall session.
- Full technology classes in winter, spring, summer and fall.
- Older but Still Getting Wiser classes with new content and presenters.
- A vibrant new website to encourage more people to participate in our programs.
- A revitalized spirituality series gradually increasing interest & connections to our congregations.
- An amazing energy we see in the photos, feel each week, & experience every time we are together.
- And yes, going from a negative bottom line to a positive one.

The journey is underway. The ship is righted, the sails are set—and all of you are the wind. Please turn to page 3, fill out the annual appeal form and give a little love to the bottom line. Thank you.

Love, Peggy Palmiter

JIM BARNWELL

Jim Barnwell was 93 when he died. He had four children and eight grandchildren, a family that is now a great support to his wife of 68 years (together for 74). Jim and Ruth met on a double date—but not with each other. James surprised Ruth when he called her several days later to invite her to a fraternity dance. Their courtship continued through the war and his military service. After graduating from Georgia Tech in 1947, he married Ruth on September 10th.

There is another whole story about Jim and Ruth’s relationship with Lifespan. They have been part of our Lifespan family for many, many years, and many memories were shared by other members of our family. Here are some of the thoughts shared. See more on our website “In Memory”.

Ruth, your Jim was a fabulous human being!
We miss him very much.
Know he will be missed.
We will miss his wonderful smile.
He was a strong silent man of character.
I found a new “Old Atlanta Native” in Jim with his devilish Oakdale Road stories.

JUDY KIELY

Judy Kiely was 87 when she died. She is survived by five children, nine in-laws, ten grandchildren and seven great grandchildren. In addition to this wonderful family, Judy was also an educator and the Director of Religious Education in Catholic Parishes in Massachusetts, Connecticut and the Atlanta area.

She was an advocate for families facing adolescent drug abuse and was the founding member of Unified Parents of America, Inc. and was recognized by Nancy Reagan at the Whitehouse for her achievements.

She was an Amazing Toastmaster, a consummate bridge player and a former president of Lifespan. And to us, she was a member of the family. Judy was a steady, supportive presence at Lifespan, always ready with a word of encouragement or an inquiry about what we needed. There will be a space at Lifespan Academy without her there and we will all feel the sadness when we start to turn around and ask “Where is Judy today?”

Please take a moment and go to our “In Memory” page on the website and add your memories of Judy.
We have come a long way in 2015, but we aren’t there yet.

The ship has been righted
and
the sails are set.

But you all are the wind.

Please give whatever love you can
or
Pass this on to someone who loves you
and
have them give a little love
In your honor.

The Lifespan family thanks you.

They all have strong opinions on everything from making cornbread to surviving their teenage years in the South.

**Spirituality Series**

Some of the most treasured works of western art are products of this century that witnessed an unprecedented abundance of talented artists coupled with an unusual amount of high-level patronage. Ultimately, the resulting works forever changed the direction of art.
